

EZ-SHOPPER 7500 Commercial Three-Wheel Scooter

DRIVE UP YOUR PROFITS WITH THE MOST RELIABLE CART ON THE MARKET.

IDEAL FOR:

- Grocery Stores
- Big Box Retail Stores
- Shopping Malls
- Department Stores
- Discount Retailers
- Mini-Malls
- Outlet Stores
- Home Improvement Centers

The EZ-Shopper 7500 is the only scooter that offers a standard rear-wheel transaxle drive with a heavy-duty rigid frame. The competitors' standard belt, chain or direct-drive systems can't stand up to the performance of an EZ-Shopper. It's that simple. Your customers will come to rely on its simple operation and performance. And employees will love the EZ-Shopper because it's virtually maintenance-free. Just plug in the cord-on-board regularly and it's ready to go. With a dependable solid-state electronic module and a 24-volt power system, we've maximized run times – up to 20 miles on one charge! And for those rare maintenance times, the quick-and-easy flip back rear deck design makes it absolutely the most service-friendly unit available. Don't take a chance with your return on investment. Be sure to buy the cart that lets 'em keep shopping.

DESCRIPTION:

The EZ-Shopper 7500 comes standard with a rear-wheel transaxle drive and a heavy-duty rigid frame. The EZ-Shopper also features a dependable solid-state electronic module and 24-volt power system using maintenance-free AGM batteries and an on-board CSA/UL certified charger. Standard safety features include a reverse warning tone and horn, dynamic regenerating braking, a comfortable, padded plastic seat, and easy to use fingertip controls. The EZ-Shopper also features an easy-to-clean, scratch and dent-resistant deck, and non-marking tires. A flip-up rear deck makes maintenance checks a snap. Available in gray, blue, red, beige, yellow and black colors.

APPLICATIONS:

The EZ-Shopper 7500 is designed for use within a commercial/retail environment. This heavy-duty scooter is ideal for grocery stores and other retail stores designed with wider aisles. The EZ-Shopper 7500 has a 400 lb. (180 kg) rider weight capacity and 150 lb. (70 kg) basket capacity.
