

PONY EXPRESS 1020 Motorized Mailroom Cart

DELIVER COMPANY MAIL AND OFFICE SUPPLIES FASTER AND REDUCE RISK.

IDEAL FOR:

- Office Buildings
- Libraries
- Healthcare Institutions
- Universities
- Theme Parks
- Warehouses
- Hotels/Resorts
- Manufacturing Plants

Forget pushing or pulling ordinary mailroom carts. They can cause worker fatigue and increase the potential for injuries. Your employees will love the motorized Pony Express with its fingertip controls that allow for one-hand operation. And the Pony Express easily converts into a flat-bed cart, making it extremely handy for those odd jobs! Transport office supplies, files, and even heavy office furniture with ease. This unique platform cart easily handles just about any payload – up to a half-ton! A rugged suspension system and safety features like emergency stop and convenient speed control make this cart a must-have. Eliminate unnecessary risk, increase productivity, and make your workplace work for you.

DESCRIPTION:

Double-duty capabilities make the Pony Express cart twice as valuable. Deliver mail and packages quickly and easily with the mail-organizer system in place or use it in its basic configuration as a motorized material handling cart with a weight capacity of 1000 pounds (450 kg). Fingertip controls, center wheel drive for easy maneuvering, and an onboard charger make the Pony Express incredibly easy to use. A host of convenience and safety features are built in.

APPLICATIONS:

The Pony Express is designed for use anywhere a standard push/pull mailroom cart is used. And remove the mailroom basket assembly to easily move larger items.
